Re: Special Agreement Ratification Vote

The number of returning ballots is low. If anyone needs a ballot and did not receive one please have them call the Federation office and the American Arbitration Association will send out an additional ballot. Because of the safeguards placed on the voting process the ballot is secret and it is also impossible to vote twice.

Attached is a leaflet that we would request that you post in your gang headquarters and/or distribute to your co-workers. It is very important that as many members of the Union as possible participate in this ratification process.

We would also request that you call two or three additional members and urge them to return their ballots. A little personal contact will be very helpful in getting a healthy return on this vote. Thank you.
