RE: Press Conference – Penn Station, Baltimore

There will be a press conference about AMTRAK funding on Monday, June 13 at Baltimore's Penn Station. This is being organized by Congresswoman Corrine Brown's office in Washington, D.C.

Several members of Congress will be at the press conference. If you can encourage your members to be at this meeting to show support for Amtrak funding, that would be terrific.

If you have any questions about the event, please call 202-225-0123
