Gentlemen:

This will confirm our discussions and agreement that the work of installing and removing environmental track mats and the establishment of Track Mat Gangs will be governed as follows:

I. Effective September 1, 2009 all work in connection with installing and removing environmental track matting (absorbent mats installed in tracks to catch contaminates such as fuel and oil) shall be performed by BMWED-represented forces and shall not be contracted out except as expressly stipulated in Section II below.

II. The Carrier may contract out the following work in connection with installing and removing track matting:

A. The operation of a Vacuum Truck staffed by one operator and one mechanic for the purpose of removing fouled ballast from the track.
B. The hauling away and disposal of fouled track mats that have been removed from the tracks by BMWED-represented forces.

III. Track Mat Gangs shall be established and operated under the terms of the June 1, 1999 System Agreement except as expressly set forth below:

A. Track Mat Gangs will consist of at least one Foreman and one Machine Operator who shall be paid at the following hourly rates, subject to all applicable rate increases:

<table>
<thead>
<tr>

<th>Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Foreman</td>
<td>$23.98</td>
</tr>
<tr>
<td>Machine Operator</td>
<td>$23.25</td>
</tr>
</tbody>
</table>

B. Employees who bid on or displace on Track Mat Gangs will be provided with the required forty (40) hour initial training program, and eight (8) hours of annual recertification training.

C. Any employee who bids to or displaces on a Track Mat Gang will not be permitted to bid off, except to a higher-rated position, for a period of six (6) calendar months from the date the employee is assigned to the position.

D. CSXT may establish Track Mat Gangs as District, SLWT or System Gangs as follows:

1. If CSXT chooses to establish System Track Mat Gangs, positions on such gangs shall be governed by the provisions of the System Production Gang Agreement (as amended), except that System Track Mat Gangs may have fewer than twenty (20) employees, will be advertised and awarded on a system-wide basis and will be exempt from the annual bulletin provisions.

2. If CSXT chooses to establish District or SLWT Track Mat Gangs, positions on such gangs shall be governed by the terms and conditions of the June 1, 1999 System Agreement, except as expressly provided herein.

E. When Track Mat Gangs are unable to gain access to scheduled work locations for reasons beyond their control (such as not being able to obtain track time), the Track Mat Gangs may be temporarily assigned to perform other environmental clean-up work for which they are properly trained and equipped.
